

LED MINING STRIP LIGHT

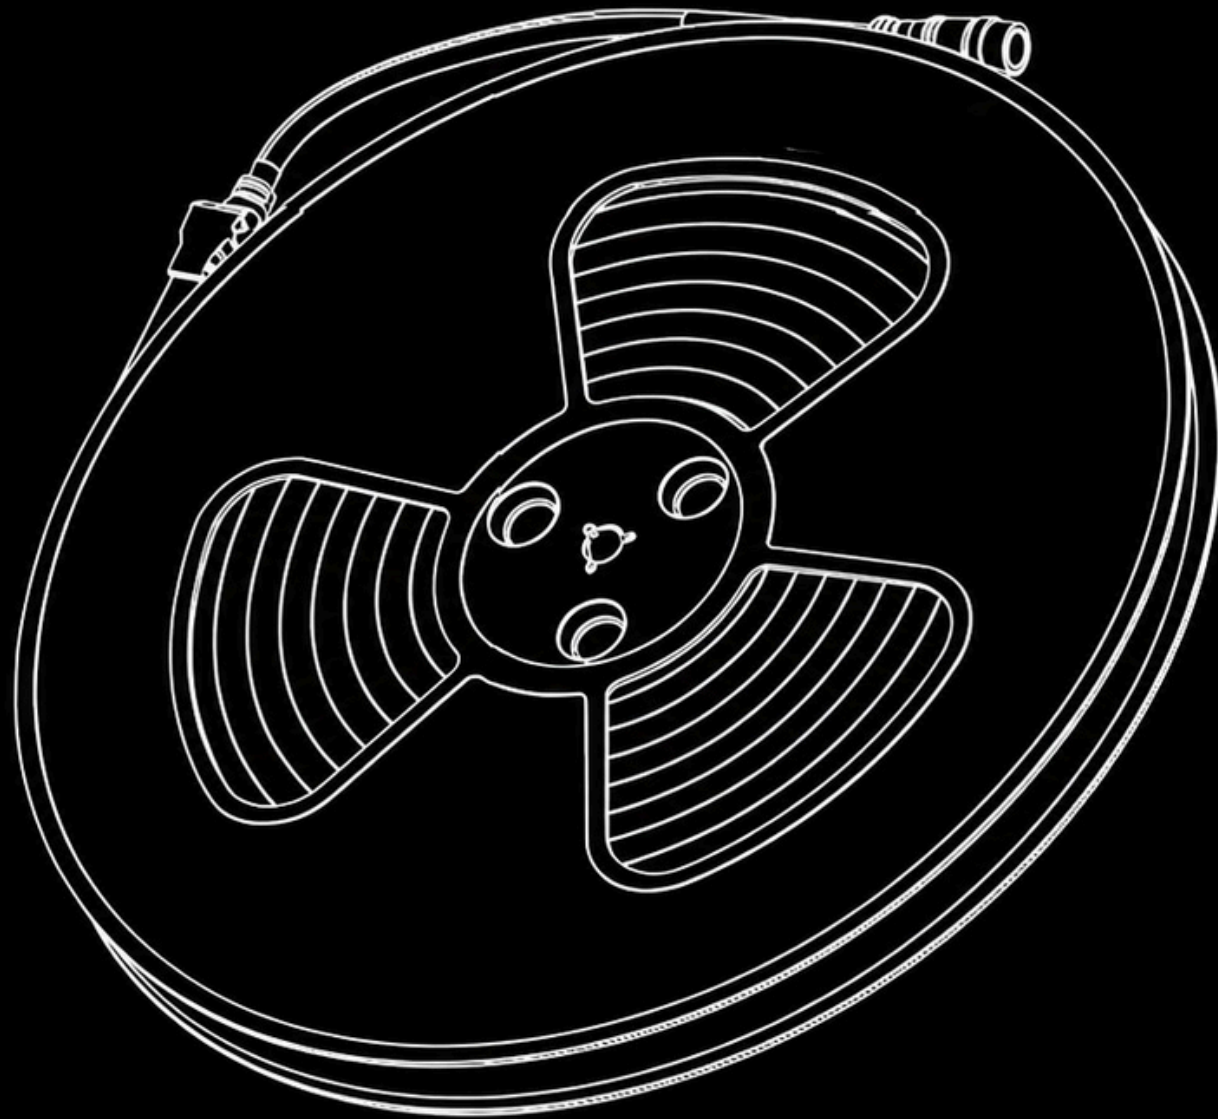

Engineered for the Toughest
Environments.
Built to Perform.

Advanced
Mining Strip
Lighting Solution

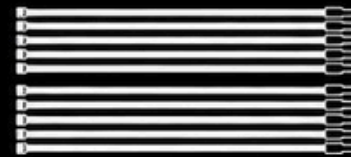

Accessories

10m/roll Strip light

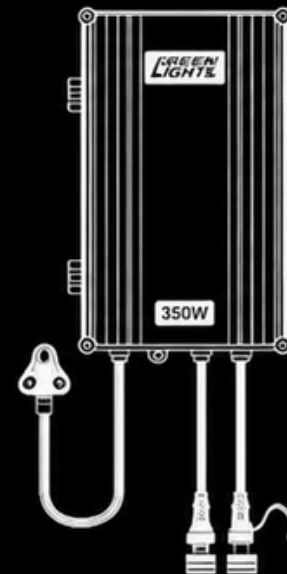

10pcs plastic buckles

10pcs tie cable

1pc connector

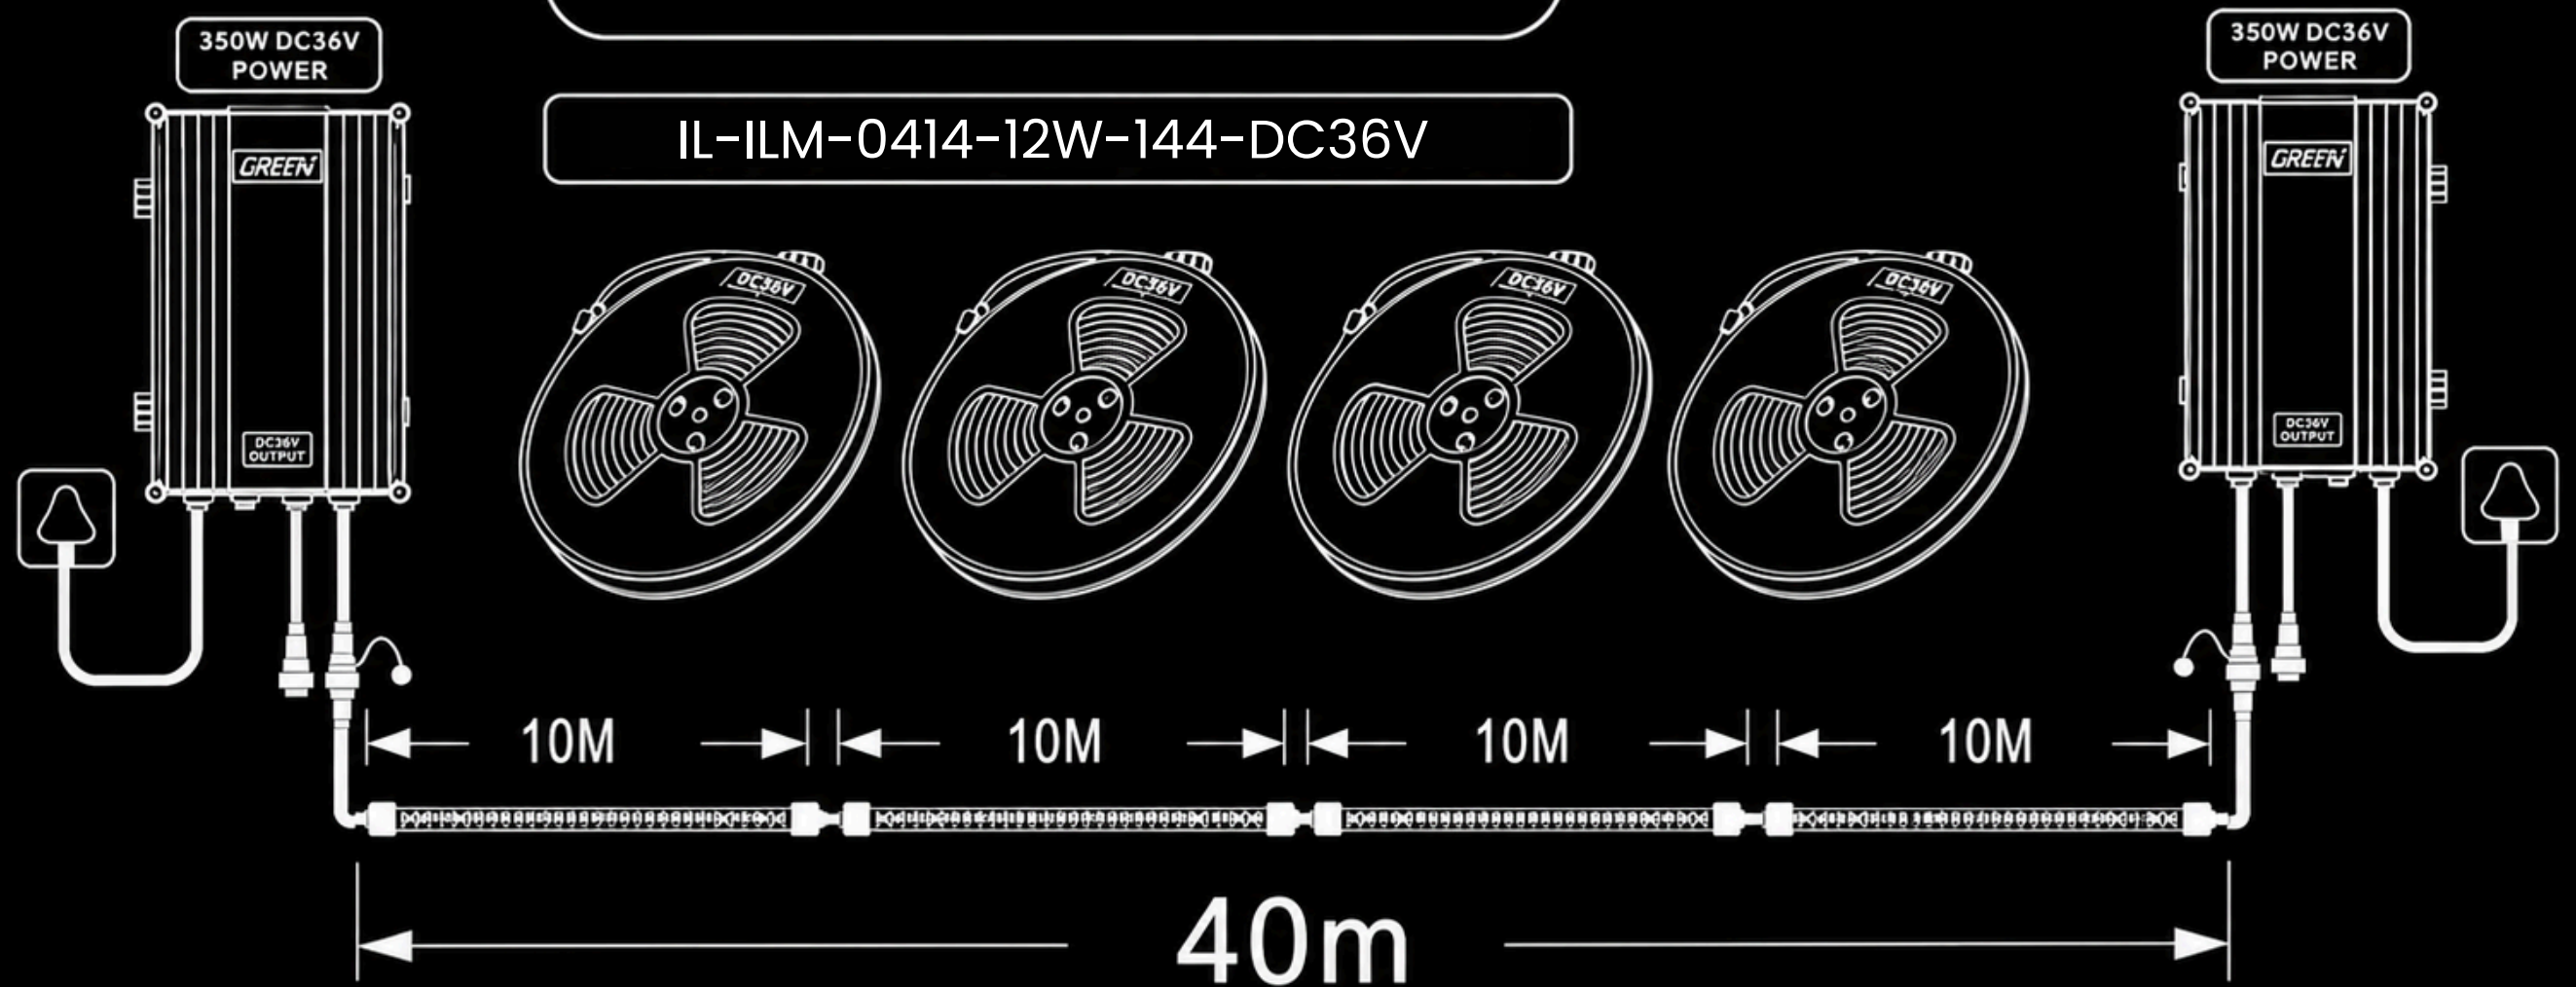

350W DC36V
Power driver

Connection

DC36V

IL-ILM-0414-12W-144-DC36V

Datasheet

Electric Data

Model No.	IL-ILM-0414-12W-144-DC36V
LED Chip	Epistar
Light Source	SMD2835
LEDs Configuration	144 LEDs per meter
Power/m	12W/m
Color of Lighting	White
CRI	>80
Color Temperature	6000-6500K
Luminous Flux	1100 Lum/m
Input Working Lighting Voltage	DC36V / 50-60Hz

Operating and storage temperature

Operating Temperature	-40°C to +80°C
Storage & Transportation Temp	±40°C

Lifespan

Normal Working Life	+5 years
Lasting for 24hrs / 7days	+3 years
Warranty	1 year
Maintenance Savings	>50% per year

Protection

Anti-explosive	Yes
Waterproof	IP68
Connector Waterproof	IP68
Flame Retardancy	Yes
Over Voltage Protection	Yes
Over Heat Protection	Yes
Isolator Fuse	Yes
Impact Resistance	Yes
Outer Covering	Food-grade silicone, free halogens
Tensile Strength	30KG

Production dimension

Strip Light Size	W: 14mm, T: 4mm
Length / Roll	10m
Continued Connection Length	40m
Cable	2 × 1.5mm ²
Cable Voltage	300V / 500V
N.W. per Roll	1.55KG
N.W. of Power Driver	3KG

Packing

Quantity per Carton	10 rolls of 10m
Inner Packing	Anti-static bag for each roll
G.W. per Carton	16KG
Carton Size	47 × 47 × 31 cm

Accessories

Plastic Buckle	10 pcs per roll
Tie Cable	10 pcs per roll
Connector	1 pc per roll
Power Driver	350W / DC36V
